

MITZEEZ®

The safest choice to make at **the salad bar**

As simple as 1, 2, 3

The MITZEEZ® Shield:

MITZEEZ® was invented to solve the longstanding cross contamination issues associated with customers touching serving utensils at salad bars and other self-service venues.

Why MITZEEZ®? Because... The stakes are high!

Research by QSR* shows that customers' No.1 demand is delicious food followed by safety precautions and excellent service. In the past, safety was assumed. Now, for the first time, safety has risen to the second most important factor for consumers. It's time you put safety on your menu.

* Research by QSR Magazine

- Ideal for self-service salad bars
